

SPONSOR A STUDENT AT LSST PCW

\$1200*

**Won't you sponsor a student
for the LSST Project &
Community Workshop?**

STUDENTS NEED YOUR HELP

Your donation of \$1200* sponsors one student's attendance at the LSST PCW for two days. Your sponsorship provides an undergraduate student with airfare, airport transfers, lodging, registration, tours, and additional meals provided outside of those included with conference registration.

PLANT THE SEED

You can invest in the future of LSST and STEM by planting the seed of *what is possible*. By donating, you help stimulate young minds through training, engage them with the excitement of LSST's cutting-edge science, and give them the opportunity to mingle and interact with some of the most forward-thinking scientists and technology professionals on the world stage.
